

What is 4-H Project Green Teacher?

4-H Project Green Teacher is a school garden educational program for afterschool personnel, educators and others who are engaged in, or would like to learn more about gardening as a context for learning.

Grow Your Knowledge!

What is your worst fear when it comes to educational gardening--that things won't grow--that the kids will be wilder than weeds in the garden? 4-H Project Green Teacher is a program facilitated by Ohio State University 4-H personnel in Franklin County, in collaboration with School Gardens of Ohio.

Backstory

4-H Project Green Teacher was developed by 4-H personnel at Ohio State University Extension in Franklin County. The program has now

developed into a partnership program, re-imagined by some of the members of School Gardens of Ohio <https://www.facebook.com/schoolgardensofohio/>

Also check out the Project Green Teacher site: <https://www.facebook.com/projectgreenteacher>

There is a \$25 fee to join.

Virtual 4-H Project Green Teacher Series

School Garden Education Series

Summer 2021

June 7-11

9:30, 11:00, 1:00 daily

Weekdays, June 7th to June 11th 9:30 a.m., 11:00 a.m. and 1:00 p.m. daily

Change your life and change the lives of the youth in your care through gardening. This virtual seven-day, three-hour daily series with two breaks will increase your knowledge base, introduce you to resource personnel, offer networking opportunities, and boost your confidence as a garden educator. Research shows that gardening with youth has significant impacts including better test scores, increased love of learning, greater nutrition awareness and more. Help us make educational gardening a solid part of the culture in central Ohio by learning best practices in gardening education as well as ways to educate, engage and mentor others. Together we can grow school garden education in Ohio.

A 2020 4-H Project Green Teacher graduate examines the texture of soil.
