Eighth School Garden Conference

Cultivating Common Ground

Come explore the sense of community that a school garden creates, while also cultivating the diversity of plants and people that can be found in the garden. Sessions will focus on community-building, our common culture, cooking from the garden, different cultivars, basic garden information and more. The \$65 registration fee includes continental breakfast, lunch, and all program materials. As an exciting first step to expanding School Gardens of Ohio statewide, we will also be setting up regional networks at the conference. Additional information, including payment options, can be found at the link below. Questions? hogan.239@osu.edu
