This series of twelve evening workshops is designed to help individuals learn how to produce and market all kinds of food products in an urban environment. While the workshop content will be introductory, individuals who already have some experience growing or marketing food products will benefit from participating.

The cost of the entire program is just \$200 per participant, which will include a course notebook, several books, light refreshments each evening, one free soil test. Scholarships are available for individuals with economic need.

For more information about the Ohio Master Urban Farmer Program, contact OSU Extension Educator Mike Hogan at 614-292-7670 or by email at [hogan.1@osu.edu](mailto:hogan.1@osu.edu).
