

## Vegetable Trials Top Producers 2022

### Franklin County Master Gardener Volunteers

What should I plant this year? To help home gardeners in Franklin County answer this question, Master Gardener volunteers manage the Vegetable Trials research garden. Each year, two or more varieties of the vegetables most popular among home gardeners are raised using good cultural practices and evaluated for plant health and yield.

Following are the best producers:

Category	Type	Variety	Days to Maturity	Trial Year	Description
Beans	green,bush	Provider	50	2017	Adaptable to weather; high disease resistance
Beans	wax, bush	Gold Mine	55	2020	Crisp, ultra-sweet 5-6" beans that grow in clusters for easy harvest
